

141146

The LS01K is a kit with 2 heavy duty tripod speaker stands with adjustable height and are compatible with any type of speakers with a hole diameter of about 35 mm. These black heavy-duty anodized telescoping stands are made of steel for durability and stability and the foldable design allows for easy storage and transportation. The tripod legs and pole are locked into position with easy to use twist knobs and features an additional safety catch pin to avoid sudden speaker drops. The stands are able to support equipment up to 30Kgs in weight. Including custom carrying case.
